## SUMMARY

Front-end developer proficient in building responsive and user-friendly web interfaces using HTML, CSS, Bootstrap, and JavaScript. Skilled in creating clean layouts, mobile-optimized designs, and interactive UI components. Strong understanding of front-end structure, styling best practices, and dynamic behavior using JavaScript to enhance user experience.

## SKILLS

- HTML
- Bootstrap
- CSS
- Javascript

## EDUCATION

**BE-Computer Science Engineering** Apr 2020  
*Panimalar Engineering College* Chennai, Tamilnadu

## EXPERIENCE

**VFX Roto Artist** Apr 2023 - Sep 2025  
*5 Elements Entertainment* Chennai, Tamilnadu

- 1.Created high-quality roto masks for characters, objects, and complex motion shots with accuracy and clean edges.
- 2.Collaborated with compositors and matchmove artists to ensure precise matte delivery and seamless integration.
- 3.Delivered roto outputs within strict deadlines while maintaining consistency across frames and sequences.
- 4.Worked with tools such as Silhouette, Nuke, and Mocha to handle intricate motion, hair, and semi-transparent objects.
- 5.Reviewed shots frame-by-frame to maintain continuity, softness, and edge quality.
- 6.Communicated with supervisors and leads to understand shot requirements and implement feedback efficiently.
- 7.Managed multiple shots simultaneously and ensured smooth workflow and timely delivery.
